

Tessa Beane

Manager

Tel: +44 (0)20 7566 3735

Email: [tbeane@ksclp.co.uk](mailto:tbeane@ksclp.co.uk)

Certifications: Certified in Risk and Information Systems Control (CRISC), Certified Information Security Auditor (CISA), PRINCE2 Practitioner, ITIL Expert v3, Qualification in Computer Audit (QICA), Qualified Security Assessor (QSA - PCI DSS).

Tessa joined Kingston Smith Consulting in July 2009 and spends most of her time on Technology Risk Management engagements.

Prior to joining KSC, Tessa worked as a technology risk consultant at Jefferson Wells. This was preceded by a 20 year career with Aviva, the penultimate seven of which were as an Internal IT Auditor conducting detailed audit reviews of data centres (build to management), business continuity, IT disaster recovery, IT service, applications and project management etc. She also conducted detailed Control Objectives for IT (COBIT) reviews in Aviva offices and subsidiaries spread across 14 countries.

Most recently, Tessa has been instrumental in working with SME businesses to interpret and apply the PCI DSS standards to their operations.

Tessa's interests outside of work include trying to keep fit, gardening and socialising with friends and family.
